

BRIGHTWORKS

Management for Healthcare

We focus on achieving the best possible future for your organization

Brightworks Management for Healthcare, LLC specializes in interim leadership placement that takes on the tough work of driving necessary changes in operations, performance and organization structure. Our Brightworks executives are experienced leaders who are immediately prepared to:

- Quickly assess what needs to be done to stabilize the organization
- Prepare and prioritize a strategic plan of action for your organization and board
- Maintain the momentum of key initiatives important to your hospital's reputation and future

Brightworks has the capability of assembling entire management teams or can provide individuals to fill single positions. Our interim executives will:

- Energize the organization for necessary change
- Build relationships with physicians, employees, management and board
- Evaluate and help resolve financial performance issues
- Apply insights on emerging market forces that could impact the organization's future
- Navigate complexity and achieve improvements at an accelerated pace

Brightworks will help you implement decisions that will position your organization to reestablish the best permanent leaders, setting the stage for their—and your—success.

Our executives have the experience and skills to:

- Provide leadership through transaction processes
- Materially improve financial performance.
- Provide leadership through bankruptcies and workouts
- Guide financial strategy and revenue cycle management
- Restructure capital
- Attract third-party capital partners
- Strategically position and guide business development
- Educate the board
- Develop and implement quality improvement processes
- Evaluate regulatory compliance
- Improve patient safety

Brightworks Management has experienced CEOs, COOs, CFOs and CNOs available for immediate placement.
